Dear Adventurers,

As the sun rises over the Appalachian Mountains, the morning fog fades to unveil one of America's greatest hidden treasures—The New River Gorge National Park and Preserve. Unlike many national parks, this one's natural beauty is also the ultimate outdoor playground, immersing its visitors in nature and igniting their every sense. Adventures on the Gorge helps make that possible. Our resort has been a mountain haven and tranquil escape for family, friends, and guests for more than 50 years. Today, we're proud to say that Adventures on the Gorge is America's premier adventure resort located on the rim of the New River Gorge, drawing guests who aspire to escape the modern-day frenzy and slip into an "Almost Heaven" state of mind. Our staff bring a variety of different backgrounds, experiences, and skills but there are a few things we all have in common—a love for West Virginia and the New River Gorge, a passion for the great outdoors, and sharing both with others. This common ground plays a vital part in how we are able to achieve our goal of creating incredible guest experiences they will remember for a lifetime. We are proud to provide a uniquely authentic Appalachian experience for our guests, and we can't wait to share wild, wonderful West Virginia with you.

West Virginia is home to two of the most iconic whitewater rivers in the world. The New River, one of the oldest known rivers, flows south to north, and the Gauley River, known for its big, rumbling rapids, draws thousands of whitewater rafters and kayakers from around the world annually. The beauty of both rivers is they don't rely on snow melt to run year-round. At Adventures on the Gorge, you'll find river adventures for all, from journeys that are relaxed and gentle to extreme whitewater. Choose from a leisurely trip on the Upper New for guests as young as six, a full day of adventure featuring Class I-V rapids on the Lower New River, ending right under the New River Gorge Bridge, or **go all-in with the ultimate whitewater rafting experience on the Upper Gauley River**, surrounded by colorful fall foliage.
