“The New River Gorge National Park & Preserve has only been a national park destination for 18 months, but it has quickly become recognized as one of the most diverse and accessible natural playgrounds for outdoor recreation enthusiasts in the country,” said Roger Wilson, CEO of AOTG. “We want to make it as easy and affordable as possible for our guests to experience the destination in a variety of ways so they will leave the resort with lasting memories of adventures shared with family and friends.”

#### Adventures

The [Lower New River](#) is the state’s most popular run with big whitewater in the spring and early summer with intermittent long, calm pools for swimming and floating. The 25 named rapids can be as large as Class IV. The special is available for rapid runs - straight shots with no stopping for lunch or swimming - down the Lower New River. Minimum age is 12.

With a minimum age of four, [TimberTrek Adventure Park](#) features seven increasingly challenging courses with 60 platforms as well as crazy obstacles such as climbable cargo nets, barrels, ladders, bridges and ziplines. Harnessed-in guests proceed at their own pace from obstacle to obstacle and advance from course to course while enthusiastic guides on the ground provide encouragement. At night, the resort lights up the course and calls it Moontrek.

[TreeTops Canopy Tour](#) features 10 ziplines and five sky bridges. Adventurers 10 and up glide through an ancient Eastern Hemlock forest and land on platforms that have been installed so they do not damage the trees. Sustainability is a key focus of the course, as a portion of the fees help protect the regal trees from the invasive Woolly Adelgid, an insect that eventually will kill the trees if left untreated.

[Rock Climbing](#) in the New River Gorge features numerous cliffside climbing routes for beginners and experienced climbers alike. AOTG guides provide gear and instructions. Minimum age is eight.

Rappelling is a close cousin of climbing and offers great views, a healthy shot of adrenaline and a certain weightless appeal that accompanies a 100-foot descent. Minimum age 8.

[Gravity Ziplines](#) offers 1½ miles of lines, including the 3,100-foot Adrena-Line. With a minimum age of 12, Gravity is a seasonal operation that opens in the spring when the conditions are mild. Guests travel up to 50 miles per hour above the tree line for the first zips, and the experience culminates with a dual-racing zipline where guests can travel up to 60 miles per hour.

[Stand Up Paddleboarding](#) is gaining in popularity as it is easy to learn, fun and offers a new perspective on the water. Summersville Lake offers smooth clear water, and the guides are welcoming and adept at working with both beginners and experienced boarders.

[Paintball](#) offers a shot of adrenaline as competitors square off in the forest and attempt to make it out unscathed. The paintball course makes it way through manmade and natural obstacles during two-hour sessions.

[Laser Tag](#) is a mixture tag, hide and seek and paintball for ages 10 and up. Players make their way through wooded terrain and try to hide from and surprise their opponents. Rules are similar to paintball, but participants shoot with sting-free lasers.

[Flatwater kayaking](#) on Summersville Lake or Hawk's Nest Lake is a relaxing way to enjoy the water and work on technique under the instruction of guides. Minimum age is 10.

[A guided hike](#) in America's newest national park is a back-to-nature experience that reminds people why they need to get outside more. Minimum age is eight.
