## Glamping on the Gorge: High-End Tent Camping Returns for Second Season Near West Virginia's New River Gorge National Park and Preserve

FAYETTEVILLE, W. Va., April 6, 2022 - [Adventures on the Gorge](#) (AOTG) in Southern West Virginia will again offer glamping tents in its Chestnut Ridge campground that opened last summer.

The glamping tents measure 16' x 20' and are placed on a concrete pad. They each have two queen beds, bedside tables, dresser, dining table, refrigerator, coffee maker, heating, air conditioning, electricity, lights and Wi-Fi. The secluded 24'x 36' sites include a fire pit and picnic table. The tents open for the season May 26.

"Our cautious optimism last year was quickly replaced by a firm confirmation as the glamping tents were immediately quite popular with our guests," said Roger Wilson, CEO of AOTG. "People love the

combination of tent camping and luxurious touches as well as packing a suitcase instead of a trunk full of gear.”

The new campground also features group and single tent sites, hassle-free camping and a new bathhouse.

The resort shares a boundary with [New River Gorge National Park and Preserve](#). The park encompasses more than 70,000 acres with AOTG perched on the rim of the gorge.

AOTG is renowned for its whitewater rafting on the New and Gauley rivers as well as [aerial adventures](#), [land adventures](#), [water adventures](#) and other activities.

Through the years the resort has steadily expanded its guest amenities to feature restaurants, bars, retail stores, campsites and a variety of [cabin accommodations](#) ranging from rustic to luxurious. Several of the cabins have full kitchens and multiple bedrooms as well as campfire rings and picnic tables. Some cabins also offer hot tubs.

The tent sites are spread out in a heavily wooded area with abundant natural privacy. They feature gravel pads, firepits, grills and picnic tables. Larger sites are available and can be combined to accommodate groups such as youth organizations up to 100.

A new centrally located bathhouse contains six individual bathroom/shower stalls (one is ADA compliant) and two toilet-and-sink-only stalls, three washer/dryer sets and outdoor dishwashing sinks.

Much of the resort's existing Mill Creek campground has been converted to 11 pull-through RV sites with electrical hookups. Water is available for RVs to fill up their tanks, and the resort can direct RV owners to free dump stations conveniently located to area highways. The RV area features two sites measuring 40 feet long, and the other nine range from 60 to 90 feet long.
