Celebrating Our 50 YEARS of WHITEWATER

50 years ago, armed with little more than an adventurous spirit, Paul Breuer began Mountain River Tours. Breuer became a pioneer of the industry, laying the foundation for growth in the New River Gorge region by being among the first to run rafting trips on the New River and the first to run commercial trips on the Gauley River.

Today, Breuer's legacy continues with Adventures on the Gorge. We are still proud to lead tours on these mountain rivers, and we are proud to carry the legacy of 50 years of whitewater in West Virginia.

Mountain River Tours was the first commercial outfitter to raft the Gauley River.

Today, Paul Breuer continues work to protect our rivers with the New River Conservancy and Friends of the New River.

Adventures on the Gorge has grown to be the New River Gorge's premier adventure resort.

RAFTING IS OUR LEGACY

You've heard the adage "adventure awaits." In the New River Gorge, adventure isn't just waiting - it's always happening. The New River Gorge National Park, the newest national park in the country, is steeped in adventure. The rugged landscape required an adventurous spirit from its earliest known days, a legacy that continued through settlers choosing to make The Gorge their home to the early days of rafting. Today, adventure happens around every corner. Everyday, modern explorers climb the sheer sandstone cliffs, hike the winding trails, raft or kayak the river, bike the single tracks, or zipline through the trees in our home. At Adventures on the Gorge, we are proud to be explorers and trailblazers of adventure. We are stewards of this incredible land, and we revel in the opportunity to share it with you. Adventure is happening everyday in the New River Gorge...see you here!

AMERICA'S BEST WHITEWATER®

Do you dream of whitewater? We do too. And, in our dreams, it's **The Gauley River** that we think about. Once a year, for 6 to 7 weekends, Summersville Dam opens its gates to release glorious whitewater. This is the best whitewater in West Virginia, the United States, and, some say, the world.

WEDDINGS & EVENTS ON THE GORGE

PHOTO: The Oberports

Over the years, we have played host to numerous weddings, celebrations, conferences, and meetings. The Lookout Post, our event center, provides space for groups large and small. Our event deck and Sunset Pavilion allow you to hold your event with stunning panoramic views. Events On The Gorge are where memories are made.

What does it sound like when the mountains call? For some, it may be quiet: during the silent part of the daily commute, or that moment you find yourself in when you're between sleeping and awake. For others, it may come with more noise: birds chirping, dogs barking, kids yelling. Or, it may come in the form of memories that you made on your last trip to the mountains: the photos that hang on your walls, the smile that comes to your face when you think about spending time with those you love in a beautiful place. Our guides and staff answered that call - and we can't wait to show you our home. Whatever the mountain's call sounds like to you, **let's go!**
